M. Tertuliano & B. Le Rü, Interaction entre la cochenille du manioc *Phenacoccus manihoti* et ses différentes plantes-hôtes: étude de la teneur de la sève en acide aminé et en sucre 1
P. C. Ellsworth, J. R. Bradley, Jr., G. G. Kennedy, R. P. Patterson & R. E. Stinner, Irrigation effects on European corn borer - maize water relations 11
H. C. Sharma & P. Vidyasagar, Orientation of males of sorghum midge, *Contarinia sorghicola* to sex pheromones from virgin females in the field 23
K. Ikeda-Kikue & H. Numata, Effects of diet, photoperiod and temperature on the postdiapause reproduction in the cabbage bug, *Eurydema rugosa* 31
B. Bai, R. F. Luck, L. Forster, B. Stephens & J. A. M. Janssen, The effect of host size on quality attributes of the egg parasitoid, *Trichogramma pretiosum* 37
L. M. Larsen, J. K. Nielsen & H. Sørensen, Host plant recognition in monophagous weevils: Specialization of *Ceutorhynchus inaffectatus* to glucosinolates from its host plant *Hesperis matronalis* 49
W.J. Budenberg & W. Powell, The role of honeydew as an ovipositional stimulant for two species of syrphids 57
P. L. Dixon & R. G. McKinlay, Pitfall trap catches of and aphid predation by *Pterostichus melanarius* and *Pterostichus madidus* in insecticide treated and untreated potatoes 63
D. R. Prokrym, D. A. Andow, J. A. Ciborowski & D. D. Sreenivasam, Suppression of *Ostrinia nubilalis* by *Trichogramma nubilale* in sweet corn 73
B. Moreteau, Y. Carton, M. C. Pignal & J. R. David, Intraspecific variation of *Drosophila buzzatii* larval breeding success on *Opuntia*: A yeast-plant-insect relationship 87
Short communication
J.-P. Roussel, Activité, *in vivo*, d'inhibiteurs de la biosynthèse de l'ecdysone chez *Locusta migratoria* 97
J. Theunissen & H. Legutowska, Observers' bias in the assessment of pest and disease symptoms in leek 101
R. K. Mensah & J. L. Madden, Field studies on colour preferences of *Ctenarytaina thysanura* in Tasmanian boronia farms 111
M. T. T. Poolman Simons, B. P. Suverkropp, L. E. M. Vet & G. de Moed, Comparison of learning in related generalist and specialist eucoilid parasitoids 117
M. M. Diawara, J. T. Trumble, C. F. Quiros & J. G. Millar, Resistance to *Spodoptera exigua* in *Apium prostratum* 125
N. E. Stamp & K. L. Horwath, Interactive effects of temperature and concentration of the flavonol rutin on growth, molt and food utilization of *Manduca sexta* caterpillars 135
K. F. Nwanze, P. S. Sree, D. R. Butler, D. D. R. Reddy, Y. V. R. Reddy & P. Soman, The dynamics of leaf surface wetness of sorghum seedlings in relation to resistance to the shoot fly, *Atherigona soccata* 151
V. L. Stiefel & D. C. Margolies, Do components of colonization – dispersal cycles affect the offspring sex ratios of Banks grass mites (*Oligonychus pratensis*)? 161
M. A. Quinn & M. H. Hall, Compensatory response of a legume root-nodule system to nodule herbivory by *Sitona hispidulus* 167
C. E. Sorenson, G. G. Kennedy, W. van Duyn, J. R. Bradley Jr. & J. F. Walgenbach, Geographical variation in pheromone response of the European corn borer, *Ostrinia nubilalis*, in North Carolina 177
J. Takabayashi & M. Dicke, Response of predatory mites with different rearing histories to volatiles of uninfested plants 187
A. C. Cohen & D. N. Byrne, *Geocoris punctipes* as a predator of *Bemisia tabaci*: a laboratory evaluation 195
D. Dartigues, Relation entre aphides et fourmis dans la production et la récolte du miellat sur oranger 203
F. Pennacchio, S. B. Vinson & E. Tremblay, Preliminary results on *in vitro* rearing of the endoparasitoid *Cardiochiles nigriceps* from egg to second instar 209
Y. C. Drost & R. T. Cardé, Use of learned visual cues during habitat location by *Brachymeria intermedia* 217
B. A. Stockhoff, Diet-switching by gypsy moth: effects of diet nitrogen history *vs.* switching on growth, consumption, and food utilization 225

D. K. Reed, S. D. Kindler & T. L. Springer, Interactions of Russian wheat aphid, a hymenopterous parasitoid and resistant and susceptible slender wheatgrasses 239
R. J. Prokopy, D. R. Papaj, J. Hendrichs & T. T. Y. Wong, Behavioral responses of *Ceratitis capitata* flies to bait spray droplets and natural food 247
A. E. Roberts, P. R. Syms & L. J. Goodman, Intensity and spectral emission as factors affecting the efficacy of an insect electrocutor trap towards the house-fly 259
C. A. Sheppard & S. Friedman, Effect of dietary nitrogen on gypsy moth larval nutritional indices, development and lipid content 269
O. Koul & M. B. Isman, Toxicity of the limonoid allelochemical cedrelone to noctuid larvae 281
E. A. Bernays & M. Cornelius, Relationship between deterrence and toxicity of plant secondary compounds for the alfalfa weevil *Hypera brunneipennis* 289
G. K. Quartey & T. H. Coaker, The development of an improved model trap for monitoring *Ephestia cautella* 293
